Display the stack frame

Call stack

k	Dump stack
kb	Displays the first three parameters
kc	Displays a clean stack trace
kp	Displays all of the parameters for each function that is called in the stack trace
kP	Like 'kp' but the function parameters are printed on a second line of the display
d[d|q|p]s esp	Displays [double-word=4 byte | quad-word=8 byte | target computer's architecture] content of stack
